City Administrator

FOR IMMEDIATE RELEASE

March 14, 2019

CONTACT:

Erv Portis
City Administrator
402 296 2522 ext 7

Effective immediately, the City of Plattsmouth has declared a **Water Emergency**. All non-sanitary, non-essential use of water must be discontinued.

The Plattsmouth Water Treatment plant has been inundated by rising flood waters. To protect the plant from further damage, the plant will be shut down as soon as is safely possible.

The City requests that Customers refrain from filling receptacles and taking other such storage measures. Plattsmouth has an emergency connection with Cass County Rural Water District No. 1 to provide water on short-term, restricted-use basis. Customer cooperation is appreciated.
