

City of Plattsmouth Relocated Wastewater Treatment Facility Wastewater Force Mains Construction

CONSTRUCTION UPDATE

The intent of this update is to give an overview of work completed and a projection of work expected in the following weeks. It is intended to be a general overview that is tentative in nature. Construction progress may differ from the information provided because of weather or other construction elements.

Previous Work Overview: April 4 through May 9, 2024

- Valley Corporation (Contractor) completed the force main installation along East Wiles Road east of US Highway 75.
- The Contractor completed the force main installation along Chicago Avenue and 26th Street.

Upcoming Work Overview: May 10 through May 24, 2024

- The Contractor will continue with force main installation on Smith Avenue from 26th Avenue to Race Street. This will include trenching and force main pipe installation.
- East Wiles Road will continue to be closed to through traffic from US Highway 75 to Chicago Avenue, as the Contractor continues with final grading and roadway reconstruction.
- Smith Avenue from 26th Avenue to Race Street will be closed to through traffic in construction work areas. Other areas may be reduced to one lane periodically during staging activities.

What You Need to Know:

- The Contractor will notify property owners whether the work is expected to impact access to their property or utility services. If property owners lose utility service, please contact the local service provider.
- Please do not remove construction stakes or flags. Mow around the stakes or flags rather than removing them, if possible.
- Construction project schedules depend on many variables. Weather conditions, utility conflicts, unknown underground conditions, and fabrication or delivery schedules of materials affect this type of work.
